CMN PROGRAM OUTCOMES

Gaming

The Gaming, Associate of Applied Science, Degree focuses on casino operations and a variety of specializations relating to marketing, management, hospitality and customer relations. Students will gain knowledge relating to management, supervision or customer service in tribal gaming. Students will develop a well- rounded educational experience that conforms to the highly specialized needs of tribal casinos and acquire knowledge applicable to Native American gaming law, Native American gaming regulations, and tribal casino operations.

Students completing the Gaming Program will:

- Demonstrate knowledge of casino operations.
- Apply concepts of customer relations.
- Explain industry regulations.

Certificate in Gaming

Students completing the Certificate in Gaming will demonstrate the fundamentals of the organizational and administrative processes involved within the gaming industry

Native American Studies

The Native American Studies Associate of Science degree program is a specialized degree focusing on Mvskoke language or Mvskoke studies with opportunity for alternative tribal courses. Students will develop an informed and tribal-specific appreciation for historical, cultural, and language issues within the broad social contexts of Native North America. Native American Studies students develop a working knowledge to help preserve and record tribal history and strengthen culture and language.

Students completing the Native American Studies Program will:

- Exhibit cross-cultural competence through the living legacy of tribal people.
- Demonstrate knowledge of Mvskoke history, culture, and contemporary Mvskoke life or other tribal perspective.
- Demonstrate proficiency in reading, writing and speaking the Mvskoke Language within the Mvskoke cultural context or other tribal perspective.

Certificate in Mvskoke Language Studies

Students completing the Certificate in Mvskoke Language Studies will exhibit fluency in reading, writing, and speaking the Mvskoke language.

Police Science

The Police Science, Associate of Applied Science, Degree is an academic program designed for students who are interested in the field of tribal law enforcement. Students develop knowledge in Federal Indian Law, tribal court, tribal government and tribal language. Students develop knowledge of unique law enforcement issues involving tribal people and communities.

Students completing the Police Science Program will:

- Apply current federal, state and tribal laws and explain the U.S. and tribal justice system.
- Apply current ethical standards.
- Utilize current law enforcement procedures.
- Exhibit knowledge of the organization of police departments, with an emphasis on tribal police.

Tribal Services

The Tribal Services, Associate of Science, degree program emphasizes Administration, Human Services, and Health Services in the tribal organization. Students completing this program will recognize the specialized needs within tribal governments, Native American programs, and tribal enterprises. Students will develop knowledge applicable to tribal government, Indian land issues, project management and grant writing within the tribal context.

Students completing the Tribal Services Program will:

- Demonstrate a working knowledge of Native American governments including tribal commerce, service programs, and Native American cultural relevance.
- Recognize administrative and organizational principles within a tribal context.
- Exhibit knowledge of health care systems, external healthcare agencies, and an awareness of consumer health care issues within the tribal healthcare environment.
- Identify fundamentals of human services and community resources that promote welfare in tribal family and community environments.
